## Implementation

We have installed CCTV cameras to help ensure the safety and security of our children, employees and visitors to our service. Surveillance footage will be used to minimise or eliminate immediate risks to children, employees or visitors, or it may be used as evidence in any matter which involves the Police or Courts/Tribunals.

When installing CCTV cameras, we will comply with privacy and other legislative requirements by:

- Notifying employees and families in writing at least 14 days before use:
  - *That cctv cameras will be used for security and safety purposes*
  - *when they will start recording – turrumurra kindergarten cameras will be recording from the 28<sup>th</sup> june, 2023*
  - *Whether they will record footage continuously or intermittently – turrumurra kindergarten cameras will be recording footage continuously*
  - *the period of surveillance i.e., a specific period or for an ongoing period – ongoing surveillance will be occurring for turrumurra kindergarten*
  - *How long the footage will be kept – footage will be kept for 14 days at turrumurra kindergarten*
  - *Who has access to the footage – turrumurra kindergarten employees or owners who use it to ensure the safety of children, families or visitors, the police, legal representatives in the event of a court case, and employees or owners whose role it is to maintain or delete the video*
  - *When and how the footage will be deleted – footage is deleted automatically every two weeks at turrumurra kindergarten*
  - *That they may consult with the nominated supervisor about the conduct of the surveillance*
- Displaying signs at each entrance telling people that cctv cameras are in use and they may be recorded
- Recording vision but not sound
- Ensuring there is no external access to the footage e.g. Families can't log in and view it

- Ensuring there is no surveillance of adult or children's toilets, bathrooms or change rooms and no surveillance of lactation rooms. This does not prevent CCTV vision of the entrance/exit to these areas.

During the 14-day notice period the Approved Provider or Nominated Supervisor will consult in good faith with employees and families who raise issues about the surveillance by giving them a genuine opportunity to influence the conduct of the surveillance.

Once the CCTV is in operation, the Nominated Supervisor or Administration Manager will provide new employees or families with a copy of the CCTV policy before they start at the service.
